AGENDA ITEM _____

WORK SESSION ITEM WS # 3

TO: Mayor and City Council
FROM: City Manager
SUBJECT: League of Cities Conference: Voting Delegates

The League is holding its annual conference in San Diego September 6 to 9. During the conference, delegates are asked to vote on resolutions that establish City policies. The league has modified its rule with regard to voting delegates and alternates. It now requires that delegates and alternates be designated well in advance of the conference, and the designation of the delegate and alternate be determined by a City Council, and not simply a Mayor.

The League has established August 15 as a deadline for notifying it of delegates and alternates. This item appears on the worksession agenda to enable the Council to make the necessary determinations.
